The expiring money idea as a negative interest.

This would make the circulation.

The government such as the heart, does not only pump through, but observe and react accordingly.

This chapter declares how the negative interest would work and also mention examples from the history where already happened several initiation.

hacsak nem kell elköltened a pénzt most azonnal, ennek ellenkezője lesz igaz. Mivel a pénz romlik az idő haladtával, ha van olyan pénzem, amit nem használok, boldogan adom kölcsön neked, ugyanúgy, mint ha kenyerelem lenne több, mint amit meg tudok enni.
